**"Swamp, forest, mountain and meadow! A list of different types of dragons in Ignis. Which is our favourite and why?** We have had amazing discussions this week around the different types of dragon and what they need to survive. We have continued with our story 'The Egg' and look at other animals that lay eggs. We have also looked a life cycle of a dragon. In maths we have looked at numbers 0-20, ordering them, finding one more and one less. Another fantastic week in Ruby class.

**Star Learner**

**Reception : Freddie—Wow—Where do I start?** Freddie has been an 'all-rounder' this week in Ruby class. He has been kind, considerate and caring towards his friends. Alongside this, Freddie is applying his phase 2 phonics when writing! Freddie is also using 'wow' words in his everyday language. Well done Freddie, we are very proud of you in Ruby!

**Sapphire Class**

The magical creatures are unsettled. Some are running frantically in all directions looking scared and lost. What is happening? Is it an earthquake? Has there been an avalanche up in the mountains? The vibrations intensify. People leave their homes and look at one another, questioning what it could be. Then an explosion shakes the ground around them. The vibration is so severe it shakes pictures off the walls. People hold their ears. The volume of the sounds rise and the strength of the vibrations increase.

The quarry billionaire finds out about the magical gems and starts digging a quarry on Jabberwocky territory. Some villagers are happy, however, our team along with other villagers know the implications of this. The Jabberwocky's may be killed or forced out of their territory into other habitats or worse, into the town where people live. This week Sapphire class produced posters, wrote letters and created powerful speeches opposing the quarry.

**Star Learner**

**Please note we will be STRICTLY adhering to the Guidance below:**

If your child is unwell with any symptoms of Covid-19 **DO NOT SEND THEM IN TO SCHOOL** as this poses a risk to their peers, teachers, teaching assistants and our wider school community.

**Please continue to be alert for the main symptoms of coronavirus:**

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

If you or anyone in your household shows any of the three symptoms, everyone in the household must self isolate and not come to school. The person with symptoms should arrange for a test as soon as possible.

## NHS Test and Trace - Update from Devon's Public Health Team

• NHS Test and Trace was launched to support the next stage of the pandemic. This is a national function to help trace close recent contacts of anyone who tests positive and notifies them if they need to self-isolate. The objectives of NHS Test and Trace are to control the rate of reproduction (R), reduce the spread of infection and save lives.

• It is supported by new Local Authority responsibilities.

**If a child or staff member tests positive for Coronavirus then they will need to self-isolate at home for 10 days following the guidance given—the rest of their family will also need to isolate. Siblings must not attend school for 14 days even if they are asymptomatic.**

**It is important that you inform the school if your child or a member of the household tests positive as we are then required to follow a strict protocol.**

## Is TikTok safe for children?

Although it is very popular, and can encourage creativity, the app can also reveal children at their most vulnerable, expressive and, in some cases, provocative, in their bid to become the next internet sensation. The app encourages videos to be shared, and the use of hashtags (#) increases the viewing audience. It has had some bad press over the years due to concerns over deadly pranks, grooming and unsuitable content. Inevitably, TikTok attracts some unsuitable characters due to its popularity
